## EXPERIENCE

### Web Developer and Front-End Specialist

*Loop Abroad*

September 2024 – Present

- **Front-End Development & Site Optimization:** Developed and enhanced the Loop Abroad website, ensuring responsive, accessible design with HTML, CSS, JavaScript, and WordPress. Conducted site-wide audits to boost SEO and accessibility, and implemented automated workflows for data integration.
- **UI & Navigation Improvements:** Redesigned navigation elements, including responsive menus and sticky headers, for cross-platform usability.
- **SEO & Accessibility:** Conducted audits and implemented improvements, boosting search performance and standards compliance.
- **Workflow Automation:** Created Python scripts to automate backend data processes, streamlining tasks.
- **Data Integration:** Set up automated forms and workflows with Formstack, AWeber, and Zapier.
- **Debugging:** Resolved complex front-end issues, enhancing cross-browser functionality and reliability.

### Founder & Operations Manager

*Josh's English School, Chiang Mai, Thailand*

August 2022 – Present

- **Business Growth:** Founded a profitable online ESL teaching company, generating over 1 million baht annually.
- **Process Optimization:** Streamlined operations and integrated tech for improved learning and efficiency.
- **Financial Management:** Oversaw budgeting and revenue tracking, ensuring sustainable growth.
- **Team Leadership:** Recruited and led a team of instructors to maintain high-quality service.
